Career Objective

To obtain a challenging position as a **Full Stack Developer** where I can apply my technical skills in modern web technolo- gies, problem-solving, and creativity to build scalable digital solutions while contributing to organizational success and personal growth.

Technical Skills

Frontend: HTML5, CSS3, JavaScript (ES6+), React, Redux Toolkit, RTK Query, Next.js, Tailwind CSS, Context API
Backend: Node.js, Express.js, PostgreSQL, MongoDB, Firebase, REST API
Languages: JavaScript, TypeScript, Python, SQL
Tools & Others: Git, GitHub, Postman, VS Code

Projects

Parcel Delivery System   *view live | client side code | server side code*

A MERN-based parcel management web application that provides an efficient parcel management and tracking system.
  - Role-based authentication and dashboard for Admin, Agent, Sender, and Receiver.
  - OTP-based verification for secure deliveries
  - Data visualization for parcel analytics and performance tracking.
  - Technologies: React, React Router, AXIOS, Redux RTK Query, TypeScript, Node.js, Express.js, MongoDB with Mongoose, JWT, Zod, Nodemailer, Redis (for OTP).

Library Management System   *view live | client side code | server side code*

A CRUD-based system, designed to streamline library operations such as book inventory management, user registration, issue/return tracking, and real-time updates. It provides an intuitive dashboard for admins and users, ensuring smooth management of books and transactions with data validation and secure authentication.
  - Technologies: React, TypeScript, Tailwind CSS, Redux Toolkit with RTK Query, Node.js, Express.js, MongoDB with Mongoose, JWT, Zod.

Experience

Freelance Digital Marketer   2024 - 2025

  - Planned and executed digital marketing **campaigns** across social media and search platforms to boost brand visibility and engagement.
  - Managed and optimized **Facebook** and **Instagram** ad campaigns, achieving higher reach and conversion rates.
  - Performed **SEO marketing**, including keyword research, on-page optimization, and content strategy to improve organic traffic.
  - Collaborated with clients to design effective digital **content strategies** aligned with their business goal

Education

B.Sc in Computer Science and Engineering
Hamdard University Bangladesh   2019 - 2023
